

## Südkulturfonds: Open Call *What are you working on?* 2022

In collaboration with four Swiss organisers, the Open Call *What are you working on?* invited video artists and filmmakers working in war zones under harsh and dangerous living conditions to submit an audiovisual work. The aim was to give the artists the opportunity to continue their work and to present their works to an international audience. Seven winners were selected by an international jury. In May 2023, the first screening event will take place during the Bieler Fototage. Until the end of 2023, the works of the winners will be shown in Winterthur, Lugano and Basel.
