

Südkulturfonds: Open call *airtime!* 2022

airtime! – Artist Features on Swiss Radio, January 2022 – December 2022

The open call *airtime!* supported a total of ten artists who were commissioned to produce a project to be featured in special broadcasts by our five partner Swiss radio stations: Radio X, Radio 3fach, Kanal K, Radio Gwendalyn.

With this radio series, artlink and the partnering radio stations sought to ensure the survival of intercontinental collaboration despite coronavirus containment measures. The aim was to support innovative cultural productions from other locations and share them with a Swiss audience.
